Dear POP Kids Family,

We hope that you are doing as well as possible in this complete upheaval of life. Daily decisions are difficult and planning for the future is truly not easy. At this time, POP Kids is moving forward to the 2020-21 School year until further decisions are made on keeping children and families safe at school. We are blessed to have so many returning families and many new ones. We are eager to get back to school and start a new year.

Communication via e-mail will be critical this summer with updates. Please be sure to indicate the best e-mail on the pink form for your family. We will also update the website with new information and forms. We are moving forward with the best intentions to be your safe place to land with your children this fall. However, as we continue to walk this journey, we may face additional challenges that could change dates and plans.

Enclosed in this packet are important forms and information. By the end of August, you will receive a letter from your child's teacher with specific classroom information. The school will also send additional helpful information and procedures for the new school year.
