

December 2022

Dear Parents;

We are excited that you are considering POP Kids School for the 2023-2024 school year. We are having a great school year and cannot wait to have your child join us next year.

We would love to show you, first-hand, our fun, caring environment while we work toward being Kindergarten ready. We give tours in January during school so you can see us “in action.” If you would like to schedule a time to see the school, please call (683-1600) or e-mail (popkids@popkidsschool.com). Our website is a great tool to learn more about our school, what we offer, and schedules. Please check out the “Registration” and “About” tabs to learn more.

We strive to keep tuition low while still providing the best educational environment. For the 2023-2024 School Year, we are not increasing tuition from last year. Included in our program are enrichment classes such as Music and Chapel Time, programs such as Get Set for School/Handwriting Without Tears, ratios low enough to provide individual attention, drop-off services, a hands-on Administrator along with a very qualified teaching staff. Our parent handbook is also available on the website under the “Forms and Guidelines” tab.

As you are deciding what is best for your child and family, we ask you to please consider an afternoon class. Many children who are napping now will not be in nine months when school begins in September. Most families with PM classes end up really enjoying the extra time in the morning. PM classes are also great preparation for those who will have PM kindergarten.

New for the upcoming school year is an extended option for Bright Stars. We know there are several children that don’t make our cut off for the 3’s program but turn 3 within a few weeks or months of starting school. Our new M/W/F Bright Star class is for those children that can handle a third day for school. These children should be turning 3 within September, October or November of 2023. Students who are 2.5 years of age by September 11, 2023 can do either Bright Star class.

If you have any questions regarding your child’s placement, the curriculum, or any other concerns, please feel free to call us or set-up a tour. Again, thank you for considering POP Kids School.

Sincerely,
Rebecca Behbehani, Administrator
