

December 2020

Dear Parents;

We are thrilled that you are considering POP Kids School for the 2021-2022 school year. We are praying that we are back to normal by the start of school in September. However, we have certainly learned how to be flexible in the age of COVID.

We would love to show you, first-hand, our fun, caring environment while we work toward being Kindergarten ready. We normally give tours in January during school so you can see us “in action”. To protect our current students, we will need to do tours after school hours this year. Please call (683-1600) or e-mail (popkids@popkidsschool.com) to set up an appointment. Additional information is also available on the website under the “About” tab and on the actual registration form.

We strive to keep tuition low while still providing the best educational environment. Included in our program are enrichment classes such as Music and Chapel Time, programs such as Get Set for School/Handwriting Without Tears, ratios low enough to provide individual attention, drop-off services, a hands-on Administrator along with a very qualified teaching staff. Our parent handbook is also available on the website under the “Forms and Guidelines” tab.

Please consider an afternoon class. Many children who are napping now will not be in nine months when school begins in September. Most families with PM classes end up really enjoying the extra time in the morning. PM classes are also great preparation for those who will have PM kindergarten.

If you have any questions regarding your child’s placement, the curriculum, or any other concerns, please feel free to call us or set-up a tour. Again, thank you for considering POP Kids School.

Sincerely,
Angie Seiller, Administrator
