

February 2018

Dear Parents;

We are thrilled that you are considering POP Kids School for the 2018-19 school year. We would love to show you, first hand, our fun, caring environment while we work toward being Kindergarten ready. We are giving tours in January so please call (683-1600) or e-mail (popkids@popkidsschool.com) to set up an appointment. Additional information is also available on the web site under the "About" tab and on the actual registration form. While we are in our 3rd year in our renovated and additional space, we still feel it is fresh and new.

Please consider an afternoon class. Many children who are napping now will not be in nine months when school begins in September. Most families with PM classes end up really enjoying the extra time in the morning. PM classes are also great preparation for those who will have PM kindergarten.

We strive to keep tuition low while still providing the best educational environment. Included in our programs are enrichment classes such as music and Spanish, programs such as Get Set for School/Handwriting without Tears, ratios low enough to provide individual attention, drop-off services and a hands-on Administration along with a very qualified teaching staff. To review our policies and procedures, our parent handbook is also available on the web site under the "Forms and Guidelines" tab.

If you have any questions regarding your child's placement, the curriculum or any other concerns, please feel free to call us or set-up a tour. Again, thank you for considering POP Kids School.

Sincerely,

Angie Seiller, Administrator
